Executive Order No. 203
New York State Police Reform and Reinvention Collaborative Plan

I. INTRODUCTION:

On June 12, 2020, Governor A. Cuomo issued an executive order directing municipalities that employ police officers to actively engage stakeholders in the local community and develop locally approved plans for the strategies, policies and procedures of local police agencies. In accordance with this order, Village of Alfred entered a collaborative effort to move through a Village-wide process to enact police reform plans.

A. Department Profile:

Municipality: Village of Alfred
Law Enforcement Agency: Alfred Police Department
Executive Officer: Mayor Becky Prophet
Village Chief of Police: Paul Griffith

B. Municipality Demographics:

The Village of Alfred, within the Town of Alfred is a small micro-urban village consisting of approximately 1.2 square miles with a population of approximately 4,000 people. The Village has a full-time police department who also contracts emergency response to the Town incidents. Alfred State College also has a full-time police department and Alfred University employs security guards. The State Police is the local police agency for the remaining areas of the Town. The 2019 Census data indicates that Alfred is 75.6% White, 8.0% Black, 7.9% Hispanic, 5.8% Asian, 1.3% Mixed Race and .4% Native American. http://www.city-data.com/city/Alfred-New-York.html.

IPEDS data for Fall 2019 classified student demographics at Alfred State College as 72.6% White, 13.3% Black, 9.1% Hispanic, 1.2% Asian, 2.9% Mixed Race, .3% Native American, .3% Unknown, and .3% Non-resident Alien.

Similarly, Alfred University had a demographic breakdown that was 57.1% White, 12.7% Black, 8.9% Hispanic, 1.7% Asian, 2.6% Mixed Race, .1% Native American, 9.5% Unknown, and 7.4% Non-resident Alien.

C. Agency Demographics:

The Alfred Police Department employees, all of whom are with the patrol division, which consists of three full time officers, a sergeant/investigator, a chief, and ten part time officers. All employees are White males.

II. REFORM & REINVENTION COLLABORATION PROCESS

IV. ALFRED VILLAGE POLICE DEPARTMENT OFFICE REFORM PLAN

The reform plan, in accordance with public feedback and the executive order requirements, consists of six primary themes: NYS Mandated Changes, Equality and Social Justice, Transparency and Accountability, Community Relations, Operational Policy & Procedures and Training.

A. NEW YORK STATE MANDATES:

The reform items found in this section are derived directly from the Executive Order No. 203

NY State Mandated Changes	Reform Item	Description	APD/ Village Action	Status
NYS Mandate - 1	NYSM – 1. Civil Penalties f**or Filing False Reports on Member of a Protected Class**	Establishes **civil penalties** for falsely Summoning a Police Officer when there is no reason to believe a crime, offense or threat has been committed involving a member of a protected class. *(Effective June 13, 2020)*	Village will follow State guidelines	Complete
NYS Mandate - 2	NYSM – 2. **Require Police Officers to Report the Discharge of Weapons**	Requires a police officer or peace officer (whether on or off duty) who discharges his or her weapon under circumstances where a person could be struck by a bullet to verbally report the incident within six hours, and file a written report within forty-eight hours. *(Effective September 13, 2020)*	Amended Use of Force policy Sent to DCJS January 2021 for approval Appendix 2-1	Pending approval DCJS

NY State Mandated Changes	Reform Item	Description	APD/ Village Action	Status
NYS Mandate - 3	NYSM – 3. **Require the Reporting of Police Acts or Omissions Resulting in a Person's Death to the Office of Special Investigation**	Establishes an Office of Special Investigation within the Office of Attorney General which will have investigative authority and criminal jurisdiction for any incident involving the death of a person caused by an act or omission by a police officer or a peace officer employed as a correction officer or contracted by an education, public health, social service, parks or housing agency. Where an investigation concludes that the death or matters relating to the death or investigation of the death involved criminal conduct, the Office will be empowered to prosecute any such alleged offenses. (Effective April 2021)	Will conduct in-service training and establish communication method with the Attorney General's office.	Pending on needed actions of NYS
NYS Mandate - 4	NYSM – 4. **Ban Choke Holds**	The Eric Garner Anti Choke Hold Act creates the crime of aggravated strangulation (making it a Class C felony) and establishes criminal penalties for a police officer or peace officer who uses a chokehold that causes serious physical injury or death.	Conducted in-service training January 2021 In Use of Force Policy	Complete
NYS Mandate - 5	NYSM – 5. **Require Medical Response for Arrestees**	Affirms an individual's right to medical and mental health attention while under arrest or otherwise in custody of a police officer or peace officer. Failure to provide reasonable and good faith medical assistance could result in a cause of action against the officer, representative and/or entity.	Conducted in-service training January 2021 In Use of Force Policy	Complete

NY State Mandated Changes	Reform Item	Description	APD/ Village Action	Status
NYS Mandate - 6	NYSM – 6. **Require Policing Statistics to be Reported to the Division of Criminal Justice Services**	Requires courts to compile and publish data concerning arrests and court proceedings involving low-level offenses such as violations and traffic offenses. Such report will include aggregate and anonymized demographic information such as race, ethnicity and sex. This bill requires police departments to submit annual reports on arrest-related deaths to the Department of Criminal Justice Services (DCJS), as well as the Governor and the State Legislature.	Provide data to Office of Court Administration and Division of Criminal Justice Services	Complete *Automatic, Monthly and annual Incident Based Reporting through Spectrum Justice System*
NYS Mandate - 7	NYSM – 7. **Recording of Law Enforcement Activity**	Provides that a person not under arrest or in the custody of a law enforcement official has the right to record police activity and to maintain custody and control of that recording and of any property or instruments used by that person to record such activities. A person in custody or under arrest does not, by that status alone, forfeit such right to record.	No actions needed, already in compliance	Complete

NY State Mandated Changes	Reform Item	Description	APD/ Village Action	Status
NYS Mandate - 8	NYSM – 8. **Provide the Public Access to Personnel Records of Police Officers**	Repeal of Civil Rights Law 50-a, which had made all personnel records used to evaluate the performance toward continued employment or promotion of police officers, firefighters, paramedics, correction officers or peace officers confidential and not subject to inspection or review without the individual's express written consent or a court order. This legislation also amends the New York State Freedom of Information Law (FOIL), subjecting any record created in furtherance of a law enforcement disciplinary proceeding to disclosure under FOIL. The new FOIL provisions require specific sensitive personal information, including medical history, to be redacted from such records prior to being disclosed. (Effective June 13, 2020)	In compliance effective June 13, 2020	Complete

An Executive Summary of the Results of the Village Community Survey

I The Survey

In order to elicit feedback on current police deployments, procedures, and practices from all Alfred Communities, the Alfred Village Community Survey was prepared using Microsoft Forms and opened to the public for a six-week period between mid-November and the end of December, 2020. Members of the Community could complete the survey online or ask for a hardcopy from the Village Clerk. The survey was highlighted in the weekly Village newsletter, referenced in the Alfred Sun, mentioned on Village social media channels, and distributed as a postcard to local businesses and directly to marginalizes, underrepresented, and minoritized residents. As per the Governor's Executive Order 203, critical questions were included on the survey to measure the community's current sense of trust in the Alfred Village Police and to assess the community's perceptions of fairness versus bias in policing practices.

A total of 504 surveys were opened online (and assigned ID numbers by Microsoft Forms). Not every respondent answered every question; in fact, 2 surveys were completely blank and 3 included only demographic information. All of the frequency analyses reported herein are based on a total of 499 respondents or, as appropriate, on the number of participants who gave valid responses to the specific question. All of the responses to the survey are presented in an anonymized format in an Excel spreadsheet labeled Appendix A for Executive Summary.

II Constituencies included in the Survey

The survey asked participants to provide information on six demographic characteristics, including their Role in the Village, their Gender Identity, Racial and Ethnic Identity, Age, and Household income. The pool of respondents had the following characteristics.

Primary Role

Table 1 presents the number (and percentage) of respondents who self-described as Residents, Landlords, Business Owners, Alfred University employees or students, Alfred State College employees or students, Village employees, or as regular Visitors to the Village. Note: Many respondents reported multiple roles, so the totals on Table 1 exceed the 504 total surveys.

Table 1 Frequency Counts and Percentages of Roles in the Village

Role	N	%		Role (cont)	N	%
Home Owner	81	16.3%		AU Student	59	11.8%
Non-student Tenant	13	2.6%		ASC Student	198	39.8%
Landlord	7	1.4%		AU Employee	106	21.3%
Business Owner	12	2.4%		ASC Employee	54	10.8%
Village Employee	14	2.8%		Regular Visitor	31	6.2%
Other Village Role	15	3.0%				

Throughout the remainder of this executive summary, respondents were assigned a single "primary role" within the village as follows: If they said they are a student, that was determined to be their primary role.

For non-students, they were coded as "Resident" if they reported being a homeowner or a non-student tenant. For non-residents, they were coded as an "Employee" if they work at either college or in/or for the Village. Non-resident Business Owners and Landlords were combined into a single group, and the Regular Visitors who play no other role constitute the final "Primary Role" category.

Gender, Race, and Ethnicity

Table 2 presents the number (and percentage) of respondents who self-described as Female, Male, Non-Binary, or other. It also shows the number of respondents who reported their Racial Identity as Caucasian, African American, Asian American, Native American, Middle-Eastern or North African, Pacific Islander, or as a mix of two or more races. A total of 423 (88.3%) of the respondents reported being Non-Hispanic, while only 22 (4.6%) said they are Hispanic and 34 (7.1%) said their ethnicity is unknown.

When compared to the most recent 2019 Census data for Alfred, our sample over-represented White or Caucasians (89.5% versus 75.6%). Similarly, the 2019 IPEDS data from both colleges indicate smaller percentages of White/Caucasians than we found in our sample (72.6% for ASC and 52.1% for AU). For Blacks or African Americans, our sample (3.4%) under-represents the population in the Village (8.0%) and the colleges (ASC = 13.3%; AU= 12.7%). The other Racial Identity categories were fairly consistent with the census and IPEDS data or slightly under-represented in the sample of survey respondents.

Table 2 Frequency Counts and Percentages of Gender Identity, Racial Identity , and Ethnicity

Gender Identity	N	%		**Racial Identity**	N	%		**Ethnicity**	N	%
Female	243	48.5%		White or Caucasian	444	89.5%		Hispanic	22	4.6%
Male	230	45.9%		Black or African American	17	3.4%		Non-Hispanic	423	88.3%
Non-Binary	7	1.4%		Asian or Asian American	8	1.6%		Unknown	34	6.7%
Prefer to Not Say	17	3.4%		Middle Eastern or North African	1	0.2%				
Other	4	0.8%		Native American	2	0.4%				
				Two or More Races	24	4.8%				

Age and Income

Frequency data for Age and Household income are presented in Table 3. Respondents ranged in age from Under 18 to 75 or Older and their income ranged from Under $15,000 to over $150,000.

Table 3 Frequency Counts and Percentages of Age Group and Household Income

Age Group	N	%		Household Income	N	%
Under 18	5	1.0%		Under $15,000	65	13.8%
18 to 24	240	47.6%		$15,000 to $29,999	44	9.3%
25 to 34	60	11.9%		$30,000 to $49,999	66	14.0%
35 to 44	57	11.3%		$50,000 to $74,000	97	20.6%
45 to 54	55	10.9%		$75,000 to $99,999	83	17.6%
55 to 64	51	10.1%		$100,000 to $149,999	90	19.1%
65 to 74	20	4.0%		$150,00 or more	26	5.5%
75 or older	11	2.2%				

III Interaction with Alfred Village Police

The survey asked respondents if they have had direct interaction with the Alfred Village Police Department. More than half of the respondents (55.1%) said "Yes" and others either said "No" (39.3%) or left the item blank (5.6%). The survey also asked about interaction with other law enforcement agencies, including Alfred State College's University Police Department, Alfred University's Public Safety Office, Allegany County's Sheriff's Department, and the New York State Troopers, but for purposes of the Executive Order 203, this report focuses only on the Alfred Village Police Department (APD).

It should be noted that some respondents (particularly college students) may not differentiate among these agencies, and some of their comments may not actually apply to APD specifically. Unless this confusion was explicitly identifiable (such as be reference to campus issues), responses were treated as if they were directed at APD because most questions on the survey asked only about the Village Police department.

Many of the respondents who indicated they have *not* had direct interaction with APD proceeded to answer other questions (such as how they would categorize their interactions with the Village police), so the community's views about policing is broken into two groups: Respondents who reported having direct interaction with APD and those who said they had not had direct contact with APD, and may be presenting their perceptions of the police.

IV Current Views of the Alfred Village Police

While the survey included a number of important questions targeting specific policing issues (such as "Police officers are a necessary part of the community" and "The Alfred Village Police Department is held accountable for their actions"), this executive summary focuses on four more general questions that would seem to capture a sense of the community's current view of the APD's performance. These questions included # 15 ("Overall, how would you categorize your interactions with Alfred Village Police Department?"), # 22 ("I trust the Alfred Village Police Department"), # 24 ("The Alfred Village Police Department makes decisions based on bias toward certain groups"), and # 30 ("How satisfied are you with

the performance of the Alfred Village Police Department?") The responses provided by the different constituencies within the community were examined in an effort to identify perceptions of potentially disproportionate policing.

Appendix B for the Executive Summary includes the full set of Frequency Tables from the analysis of the survey. In order to make the data in the remainder of this executive summary manageable, however, the responses to each of the key questions were collapsed into "positive or neutral" versus "negative or other" views of the APD, and only the frequencies and percentages of respondents with *negative* views are presented. Additionally, due to the small number of respondents from several of the Racial Identity categories, the Asian, Native American, Middle Eastern and Pacific Islanders and Mixed Race groups were combined into a single category. Likewise, Gender Identity was collapsed into only three groups: Female, Male, and Other. Finally, the data for Age and Household Income are not summarized in this executive summary.

A *Quality of Interaction with APD (Question # 15)*

After being asked to identify the nature of their interactions with APD (such as traffic stops investigations, etc.), respondents were asked to rate the quality of their overall interactions with APD as positive, neutral, negative, or other. Table 4 presents the frequency counts (and percentages) for the 392 respondents who answered both of the relevant survey questions. The data shows that less than 10% of all respondents judged their overall interactions with APD to be negative. Table 5 then shows how the negative attitudes are distributed across Roles, Gender Identity, and Racial Identity and Ethnicity. [Remember that the totals across the sub-tables may not match due to missing answers.]

Table 4 Frequency Counts and Percentages for Ratings of Overall Interaction with APD

	TOTAL # with Negative View	N	27	10	37
	Percent of Entire Sample (N = 373)	%	7.2%	2.7%	9.9%

Examining the last column in Table 5, we see that for each demographic variable, most categories reported a lower-than-average number of negative interactions with APD (i.e., less than the sample average of about 10%). For Primary Role, Students and Business Owners/Landlords are more likely to report negative interactions than others. The negative response rate for students was just slightly above the sample average of 10%, and there were only 5 Business Owners/Landlords in the sample, so a single negative response constitutes 20% of that group. For Gender Identity, the respondents who do not identify as male or female (i.e., the “other” category) more likely to report negative interactions than others.

For Racial Identity, a higher proportion of negative responses came from respondents who do not identify as White/Caucasian or Black/African American. Finally, a higher percentage of people who reported their Ethnic heritage as "unknown" report having had negative interactions with APD. Because our sample may under-represent these groups in the Alfred community, we recommend that follow-up surveys be conducted where every effort is made to get fully representative samples. Alternatively, focus groups could be utilized in order to determine whether there is a pattern of biased policing toward certain groups versus others.

B ***Trust in Alfred Village Police (Question # 22)***

Question # 22 on the survey asked participants to respond to the statement "I trust the Alfred Village Police" on a 5-point scale from "Strongly Agree" to "Strongly Disagree." Table 6 presents the number of participants who disagreed or strongly disagreed to that statement.

Table 6 Frequencies/Percentages of Constituents Who Do Not Trust APD

	TOTAL # with Negative View	N	37	28	65
	Percent of Entire Sample (N = 447)	%	8.3%	6.3%	14.5%

Overall, Table 6 indicates that over 14% of the respondents do not trust APD. This distrust is more strongly felt by some groups than others. The pattern is very similar to the pattern for Question # 15 (presented in Table 5 above): For Primary Role, the categories of Students and one Business Owner/Landlord reported more distrust than average; for Gender Identity, the respondents who do not identify as Male or Female reported more distrust than average; for Ethnicity, the respondents whose ethnicity is unknown reported more distrust than average; and for Racial Identity, both Black/African American and the other non-Caucasian respondents reported more distrust than average.

Again, the underrepresentation of the minority Racial and Ethnic groups in our survey sample and the pattern of results support our recommendation of follow-up surveys and/or focus groups.

C *APD Makes Decisions Based on Bias Toward Certain Groups (Question # 24)*

Survey Question # 24 asked respondents to rate their level of agreement with the statement "The Alfred Village Police Department makes decisions based on bias toward certain groups" on a 5-point scale from "Strongly Agree" to "Strongly Disagree." The number (and percentages) of participants who indicated they agree or strongly agree with the statement are presented in Table 7.

	TOTAL # with Negative View	N	72	44	116
	Percent of Entire Sample (N = 443)	%	16.3%	9.9%	26.2%

The results for Question # 24 are striking. Approximately one-quarter -- about 25% -- of the survey respondents believe that the Alfred Village Police makes biased decisions. The survey did not ask respondents to identify specific targeted groups, so these responses could refer to racial or ethnic biases or biases toward students, or even gender biases. It is incumbent on APD to identify and rectify any such bias that may be implicitly impacting their policing practices. To that end, we recommend that officers keep records of the gender and race of every encounter with citizens (perhaps just the simple dichotomies of male versus female and White versus Non-White) so that periodic reviews of the records would reveal unequal treatment of these groups.

It should be noted that this question was the only item on the survey phrased in a negative direction (so that "Agreeing" with the statement would reflect a negative view of APD). It is possible some percentage of the respondents did not notice the change in phrasing. No effort was made to review all 499 surveys to identify any that appeared to give a contradictory response to Question # 24.

D Satisfaction with the Performance of APD (Question # 30)

Respondents were asked to rate their satisfaction with the performance of the Alfred Village Department on a 7-point scale ranging from "Very Satisfied" to "Very Dissatisfied." Table 8 presents the number (and percentages) of participants who indicated they were at all dissatisfied (i.e., "Somewhat Dissatisfied," "Dissatisfied," or "Very Dissatisfied").

Table 8 Frequencies/Percentages of Constituents Who Are Dissatisfied with APD's Performance

Demographic:			Direct Interaction with APD		Percent of

	TOTAL # with Negative View	N	37	16	53
	Percent of Entire Sample (N = 444)	%	8.3%	3.6%	11.9%

Despite the number of respondents who reported a degree of distrust in APD and the sense that APD makes decisions based on bias toward certain groups, about 88% of the respondents report being satisfied with the performance of the APD. Consistent with the patterns for the two previous questions, less satisfaction is reported by some demographic groups more than others, and most often it is the under-represented groups reporting negative views of APD. This further supports our recommendation that further research be conducted with these constituencies.

V Suggestions from Survey Respondents for Improving Policing in the Village

An open-ended question on the survey (# 16) asked respondents "What would be the single biggest change that would improve policing in the village community?" This question served as an indirect means of identifying concerns not explicitly addressed by other survey questions. The suggestions provided by the community members were coded into "areas of concern" (or "themes") and the number of respondents expressing the same or similar themes was examined.

A total of 297 respondents -- almost 60% of the total sample -- answered Question # 16, and altogether, they made 362 suggestions or identified areas of concern. These areas of concern included references to the (a) Need (or not) for General Changes, (b) Daily Activities of the Police (including patrols and enforcement of laws), (c) Officers' interactions with Citizens and Community Engagement, and (d) Staffing and Funding for the Department. There were a handful of responses (16) that were explicitly referring to issues that are not the responsibility of the Alfred Village Police (such as campus patrols and parking) or simply uninterpretable. Table 9 presents a summary of the comments and suggestions made by the respondents for improving policing in the village of Alfred.

Table 9 Suggestions for Changes to Improve Policing in the Village of Alfred

Areas of Concern	Number of Respondents Suggesting Improvement	Some Key Findings of Note
General Changes to Policing (including scope of responsibility and accountability)	57	81% of these comments said "No Changes are Needed." Another 7% called for a reduction in the scope of responsibilities for APD.
Police Daily Activities and Law Enforcement (including patrols, timeliness of response, and enforcement of traffic, parking and other local laws)	86	74% called for increases, while 26% called for decreases
Officers' Personal Interaction with Citizens and Community Engagement (including officers' demeanor, attitude, biased responses. Also including improvement in citizen's response to police)	124	19% of these comments called for citizen's to be more knowledgeable and respectful of the police, and 44% called for increases in Police Officers' integration into and interaction with the community.
Staffing and Funding for APD (including the number of and diversity among officers, training for officers, and funding for policing)	70	Only 7% of responses called for a reduction in staffing or funding. The most common recommendations were for increased diversity in staffing (11%) and increased Diversity and Anti-Bias training (23%).

VI Conclusion

Based on the survey responses from 499 members of the Alfred community, as summarized in this report, we recommend the following changes to current policing procedures and practices:

1. The Alfred Village Police should strive to reduce the perceptions within the community that they do not treat all members of the community in a fair and unbiased manner. To that end, we recommend:

    a. that APD officers continue to participate in anti-bias training on a regular basis and that they make every effort to ensure that they practice those principles in every interaction with every member of the community; and

    b. That officers keep records of the gender and race of every encounter with citizens (perhaps just the simple dichotomies of male versus female and White versus Non-White) so that periodic reviews of the records would reveal unequal treatment of these groups. While arrest records include this data, other incidents that do not result in arrest or a ticket may not have this data recorded. For example, by including gender and race information on reports of traffic stops where no ticket is issued, officers will be able to discern hidden patterns in their decisions where members of one class are more likely to be ticketed than others. As a second example, when officers are talking to individuals about pressing charges against another, a record of the gender and race of everyone involved will allow officers to determine if they seem to give advice that is biased toward different groups.

2. That APD find additional ways to engage in positive interactions with the entire community in an effort to offset the negative views and lack of trust expressed by fairly substantial percentages of the community.

The Alfred Committee on Equity and Safety (ACES) plans to continue gathering data from the community and, in particular, the constituencies that were under-represented in the Fall 2020 survey. The goal will be to identify areas of concern and to develop programs -- not limited to policing practices -- that will make Alfred a more welcoming and inclusive place to live, work, and study.

A commitment to anti-bias principles and leadership committed to anti-racist attitudes and actions.
A little bit more patrols for the village and alfred campuses to keep an eye out for students and citizens to make us feel a little safer when walking about.
a more helpful and respectful attitude
A more integrated community presence.
A statement of support and action plan for racial justice from APD Police Chief
Abolish the police - invest in the community
Adding more officers.
Additional funding for police fleet
Advertise/Post so all residents know the rules/expectations of living within our community.
Alfred State UP has to chill with the parking tickets. People are parked in wrong spots for like an hour or two (because there's barely any parking available ever) and still get ticketed.
Allow them to patrol in the town, especially county road 12
Allowing the police to to their jobs and not criticize them
Anti Bias training
Anti-bias training! More diversity on force
Approaching vehicles with less tension
As a member of the fire company I have gotten to know a number of them as individuals, having a personal relationship with someone is a good thing, how can that be expanded to more people?
Assistance from the Alfred State University Police Department.
attitude
Attitudes
Be less restrictive, don't follow random people.
Be more lenient with traffic enforcement such as giving a verbal warning instead of immediately writing tickets which tarnishes student's driving record. Driving records are very important to some professions such as automotive service and a bad record from speeding tickets that were only 5mph over the limit make it difficult to get a first job in our desired field.
Being more strict w students of either college when downtown
Better areas for biking etc
Better community involvement and a shift in mindset as to the role of the AVPD within the community. They also need to follow the laws they are enforcing. Alfred is tiny, unless it's an active lights-on call I grow tiresome of seeing the cruisers fly down Main Street.
Better funding for social services and fire departments
Better parking in town and different parking restrictions
Better relationship with student population
better training
Better training to understand the community to lessen the reliance on tactical force/aggression responses as the primary strategy to policing. No police force should be militarized, the primary focus should be on protecting and serving. Training should include assistance in understanding community members that would hopefully decrease prejudices (implicit biases, racial, gender, activists, liberals, mental illness). We should have continuing community wide discussions on the role of policing in our small rural community. The needs of our community are going to be different than that of a large urban community. It is troubling to hear our current chief of police state that there are NO prejudices with our current police
Bike patrols around the campuses during nice weather

body cams, and accountability. Police should not be able to bully the public and hide behind a badge. We need more community outreach. I should know the cops first names and feel safe about talking to them. Police need to stop harassing college kids about nothing, they need to start protecting the community
Build a better community with support and resources by the community and for the community. The cops are not our community and they do not have our communities best interests at heart.
Bust the parties that are infecting the community
Calm down about parking tickets
Capacity
Changing student behavior so there is less need for police.
Chill
Citizen respect for authority.
Combine Alfred Police, Alfred State Police and Alfred University under one director. They could have their own identity but answer to a single director so they would all be on the same page.
Community engagement
Community engagement and better reflection of community members diversity
Community Policing
Community support of them.
Consider the perspective of the college students when making stops or patrolling
Continuous education of community about policing practices
Crack down on non mask wearers on campus's, please
Create positive momentum by showing appreciation for their services. Recent negative implications and scrutiny that is completely unwarranted are both inaccurate, and destructive.
Cultural diversity training
Deal with students using drugs
Decreasing funding to the police on order to increase funding to other more beneficial community services, retraction of military surplus from law enforcement.
Defund the police who have excessive vehicles and staff, and put that money into more useful social services that this town desperately needs, such as child protective services and mental health assistance.
Defunding
Defunding the police
Demeanor
Diversity
Diversity in hiring?
Do not know enough about what is already done to make a suggestion.
Don't become a police officer for the campus if you are going to be mean towards everyone.
don't double charge on parking violations. Keep track of payments
Due to my privileged position (white male) and general lack of interaction with the police department (pretty much limited to seeing Paul at the village board meetings) I do not feel qualified to answer this beyond saying listen to the concerns of those in the Village expressing concern (BLM) and reflect upon this to work towards being a better neighbor.
Ease up on the traffic stops. Many times the cops are trying to find something they can ticket you for.
Easier access, higher visibility
Eliminate racial profiling
Eliminating any racial and student biases
Enforce parking especially during the week days
Enforce regularly parking regulation's speeding throughout the Village and controlling U turns

Enforcement of implicit bias training, requiring the officers to put the training to use instead of just check off a box that they received it.
Ensuring that everyone, students of color inlcuded, feel safe and welcomed to Alfred. I hear far too often that students feel targeted by policing agencies in the area for what they feel to be discriminations.
Equal treatment of all residents
Every law enforcement agency in this area should be required to take non-biased and non-racist training and workshops.
Fire the chief, he's racist and unwilling to acknowledge that the adversity Black faculty and Black students face. Also hire a diversity team to train the police department on both bias response and how to report a racist partner (toxic cop)
Fixing the parking meters on Main Street
focus on more serious issues like drinking and driving or violence in the community rather than minor ones like traffic tickets
From what I've heard (from students and relevant support staff and faculty at AU) the police really need training to handle rape cases.
funding for more coverage
Get out walking on the street--be more visible
GET RID OF THE STUDENTS WHO ARE MAKING ALFRED UNSAFE! OUR POLICE ARE NOT THE ISSUE!
Get students at ASC to slow down
Getting rid of the chief
Give them more money
Greater responsiveness and follow through with community concerns. I sometimes feel ignored, dismissed, or patronized
Have them slow down the speedster students as the leave the AS campus on University St. Between 7:00 -7:30 AM...and at other times in the afternoon and evening.
Having our police department Serve and Protect, not to target and hassle.
having parking meters that work
Helping citizens
Helping citizens in need.
Helping the community see that they are REAL people and are human and have humane qualities.
Higher pay for the officers
hiring officers that are black or brown
hiring people of color and doing community programming
holding police accountable (ie; bias training)
Honestly just taking care of the stray cats there are so many
I cannot think of anything specific that needs improvement from my experience.
I can't think of any. They have always been professional and courteous.
I do not have any information to share about this. Good communication is always helpful in any organization
I don't know
I don't know what police officers do day-to-day. However, I have noticed and smelled parties in the village this semester on Saturday nights including marijuana smoking and alcohol during a very high risk semester when those activities are banned by the campuses. To help protect everyone, it makes sense to stop these parties, if possible. One only need walk by a house that has one (as I have). The smells alone tell you what's happening.
I feel that our police department does an excellent job
I hate how intimidating their cars look. Lots of patrolling on pine hill loop seems odd. Black and brown people don't feel safe- I trust them and feel for them.

I have had approximately two personal interactions with the police in Alfred-- one traffic stop and one fingerprinting services. I really don't know what I would recommend in terms of changes. Maybe regular meetings with students so the students get to know the police and vice versa.
I have no idea...maybe give them resources that they need so they can do what they need to do...
I have no opinion on this
I think that police officers need to build trust in the community. One of the ways to do this would be more positive community outreach.
I think that there has been a great job in the village both with COVID and normal practices.
I think they should have more resources so they can better patrol and keep the village safe.
I think they're doing a good job
I would say anti-bias training. But I don't think that would help as they see themselves as not being racist or sexist. I have experienced the Alfred police to be both.
I would say recognizing them as the professionals that they are.
I wouldn't they're just doing their jobs
I'm not familiar enough to say.
I'm not sure
I'm not sure because I have only had a positive experience.
idk
idk
If there is a law that people must wear masks in the village or pay a 200 dollar fine it should be enforced
If they acknowledge that Black Lives Matter
If they didn't look so pissed all the time
If they were friendly
If we could hire more police officers
Improved community relations / policing strategies
Increase positive interaction with community members
Increase social training or add a department for mental health
Increase the police force
Increasing the size of the police force and better enforcing traffic/parking laws on college campuses
Interacting with the village dept. I never see them in the village
Interacting with your community so people know who the police officers are.
Intercultural training
investigate crimes in a more timely manor.
It seems that officers have different levels of information and interpret the laws/policies differently. The response you get depends on the personal bias of who is responding. .
It's fine.
I've never seen any positive interactions with the Chief of police. What I have seen is a lack of patience, defensive and confrontational. The other officers always seem helpful and understanding. But how can such a poor leader run a productive PD? I think the chief needs additional training and needs to be held accountable.
Keep law enforcement doing police work not codes work.
Late Night Enforcement
Leave it alone they do a great job and they forgot more about policing than any reading this survey will ever know
Leave people alone for victimless (alcohol and cannabis related) "crimes"
Leniency on traffic violations, it seems like they're only trying to make money and not protect citizens.

less focus on parking violations
Less interference from village board
less parking tickets because there is not a lot of places to park
Less patrolling
Less presence
Less sexual related crime on and around campus would be good and also controlling parties during with pandemic
Less speeding and traffic tickets
Less time spent of enforcing silly local laws - like trash cans. There may not be much timme spent there already
Less traffic enforcement
Less traffic enforcement and more crime patrols
Less worry's about speeding
Let the police do their job. Alfred police have done a great for many years.
let the police force do their jobs without putting extra restrictions on them
Let them do their jobs and support them, don't villainize them
Let them do their jobs!
Let them do their jobs. It's a college town.... someone has to deal with the college students
Let them stop parties because of COVID restrictions
Listening
Listening to everyones side and getting to the truth
Look. Kids are gonna drink and be rowdy in the streets in college. It's just what they do. If the law enforcement would work with known party locations to encourage safe partying and educate them on when it is smart to cut people off, and maybe even discuss appropriate responses to drink kids without being afraid of getting in trouble, I think that would be a lot better than discouraging these same kids and creating a gap between the two groups. It's so important that kids know they can rely on law enforcement to help, protect, and aid them in trying times, and not be afraid to seek help when it truly is needed. I think the pd does a great job at de-escalation, however a lecture on why partying is bad every time they get called to a house is really going to hurt relationships with the rolling seasonal community (college kids) because the stories of who is 'cool' and who is not roll from class to class. I also believe that the officers who are in the community would do well to start sponsored sports programs or events through the community. Coordinate with the radio station to have a dance off at the terracotta, have officers collaborate with both campuses for community sports like kick ball or a disc golf league. There's lots of outreach that can make college kids see officers as humans, not cogs in a machine that they feel is designed to ruin their fun.
Make sure they continue to be well funded so that they can be allowed the most up to date training and equipment.
Make the Chief attend cultural sensitivity training with the two newest officers. Maybe Sgt Burch or AU Public Safety Officer Rummy could teach it.
Marijuana smoke from student housing
Mask enforcement during COVID-19
Maybe the colleges including community expectations upon arrival. Any negative interactions with police should be reviewed by appointees of the colleges and bd.
Mentioned in a previous answer. Police definitely need diversity training
More allowable for legal partied s.more crack down on illegal parties
more campus safety
More communication

More community involvement outside of driving by in vehicles, more walking and biking to meet people
More community outreach
More community outreach and building better connections with the students and staff.
More community policing, walking main street, greeting people, checking in on businesses
More community visibility
More cooperation from the community
More diversity inclusion activities
More effort to gain a better understanding of the importance of being able to positively interact with all students of both campuses!
More Foot patrol
More foot patrols
More foot patrols to make their presence known and interact with citizens.
More foot patrols with citizen interaction on a day to day bases, not just responding to calls
more funding
More funding of the police department
more gentle approach
More help
More interaction with students to build trust and a relationship
More leniency in parking enforcement during school events. College students aren't made of money and parking isn't readily available for commuter students during school events.
more of it
More officers
More open communication and less defensiveness by the Chief
More open communication related to supporting all members of our community and how to make our environment as safe as possible for all members. I am fortunate to know many of the police in the area, so my interactions are positive. Unfortunately, I've heard negative encounters by others I am friends with
More patrol on both college campuses
More patrol on campuses
More patrolling at night.
More patrolling on foot or bike to interact with public more closely to develop great relations
More PERSONAL interaction
More police of color
More policeman 👮
More public interaction instead of waiting in patrol cars to write tickets
More regular patrols and foot/bicycle patrol....
More resources to employ community policing officers, trainings for officers, and recruitment of BIPOC and women officers
More support
More support/interaction that is proactive
More training on how to talk to civilians in a calming respectful way

Pay more attention to bigger problems, have less racial biases
People to obey the laws
People treating officers with respect and obeying laws. I think our police officers do an EXCELLENT job! It is how people in society choose to interact with them that needs to change.
Perhaps increased community policing as possible.
Police answering their phone for non emergencies.
Police officers should not accuse black community members of being racist any moment they get.
Police treat African Americans with respect
policing for drugs more. making it safer for students at night
Politeness and actually through
Professors and citizens need to express their appreciation for our police officers and be respectful and, in so doing, serve as an example and encourage our student population to do the same.
Provide direct budgetary support from the universities during the semesters to assist with noise and loitering, as well as littering.
Quit being disrespectful
racial sensitivity training
Realize they have a problem and take steps to address it
Re-allocate funds to community initiatives and programming that focuses on rehabilitation.
Re-distributing police funding to social services, community programs, etc.
Reduce the scope of police. They should only be responsible for 911 calls. Everything else on the list is unnecessary and can be handled by other civic employees.
Re-establish agreement with Town to allow patrol/traffic enforcement outside the Village
Require the officers to live in the village
Response time could be better in emergency response on all levels in the village. But other than that, I don't think there need to be any real improvements.
Restore the departments freedom to patrol without fear of racial accusations.
Screenings to prevent discrimination to minorities within the community
Speed bumps on the edges of town, more strictness towards health (ie mask wearing) in town
Speed limit enforcement
Start doing something about the drugs that are in town
Stop asking the police to respond to frivolous complaints.
stop following people because they are black
Stop issuing students parking tickets when you have left literally no places to park because you've filled a parking lot with construction vehicles
Stop pulling people over for small things like license plate lights
Stop racial profiling, and aid in helping actual problems
Stop sexually harrowing people and racially profiling people.
stop targeting students/responding to locals whose goal is to get students in trouble
Stop the routine patrols where the cops drive around in their mustangs doing nothing.
Stop wasting the department's time with non sense
Stopping burnouts
Students of color would not feel targeted
Tell them they are cops not marines
That they not become a Covid spreader, as they did in the spring.
The ability to hire more officers to adequately staff according to the needs of a community our size.

The Alfred Police Department needs to show actual respect for students of color by A.) listening to and reflecting on their experiences at Board meetings, b.) by proactively creating meetings between the police force and student /activist stakeholders belonging to groups like Alfred for Racial Justice, the Black Student Caucus and Umoja (not name those entities related to AU). It would be great, too, to see local plice forces -- in Alfred, Almond, and Hornell -- to advocate for more state spending on social services like mental health and addiction services. Too often, in our counties, there is real no infrastructure to help those with mental health or addiction crises, and therefore when these folks reach crisis points, the police are the only municipal institutions called on. Defund the police? No. But a concerted response to the State that Western New York police departments are asked to do too much for which they are not trained would help our counties receive more money for social services that would allow plice departments to function officially and not be spread too thin.
The attitude from the village and the students toward the police... The police are doing all the right things, yet they are constantly being bombarded with negativity from the community and the students. This gets in the way of the job that they have committed themselves to doing.
The biggest change to be made is engendering a culture of sincere commitment by the individual officers to become anti-racist, and to admire diversity and inclusion. This commitment cannot arise from policies and trainings being foisted on anyone; instead, it has to emerge from individuals, spurred by their own reflections and conscience. More love around here would do wonders for the officers themselves.
The number of loud trucks and fast cars on Main Street is annoying. I do see the police stopping speeders but it is rare to walk along Main Street and not have at least one too fast or too loud vehicle pass. Sorry, it seems petty but it's annoying.
The police need to also follow the law and interact more positively in the community.
The understanding that they protect and serve all members of Alfred community, including students of color
There is a lack of professionalism, and a sense of arrogance especially from the chief
They are good as is, they don't need any change
They are great
They should do as a police officer should, why change a system that isn't broken.
They should spend less time looking for traffic infractions and dwi. My wife has been pulled over twice because a headlight on our vehicle points askew. She picks up our daughter, who works in Alfred at 10 pm. They asked her if she was just at Dollar General. Is that now a crime worthy of pulling a vehicle over for?
This isn't direct interaction with the police but I have to say that when I see someone who has been pulled over by the police in Alfred they are almost always a person of color. Contrast that with my experience as a white woman NEVER having been pulled over in the 20+ years I've lived here. I'd like to see an independent review of policing to see if the disparity I observe is in fact true. If it's true then it's unjust and morally / legally needs to change. And if true it is also bad for business - our economy depends on students and their families from diverse backgrounds feeling comfortable sending their student to a predominantly white community for college. Even the perception of disparate treatment hurts us as a community.
ticket illegally parked cars
To be better at policing students who live in the residential areas of the town (i.e. parties, vandalism, property broken/destroyed by students)
To continually engage in trainings that help better understand the diverse needs and concerns of the community, which includes the student population and citizens of the village
to cut the people some slack, we are in college not having the money to pay a $300 ticket
To improve public relationship, with the community and the students at AU.
Traffic
Training to be a police offer takes about 14 weeks. It takes more than double that time to train to be a hairdresser. Take a wild guess.

We are nearly a cultural melting pot. People are coming here from all over the place and many of them come from places where police are a threat to them personally and as a people. They need to be conscious of this and not take offense to this, but just understand.
When police are doing their patrol, please don't approach drunk people walking home and aggressively ask "is there a problem?"

Alfred State University Police (UPD);		Between August 2015 and July 2019;		An Alfred Village Police Officer entered into the Village Polling site at the A.E. Crandall Hook and Ladder company on election day 2020 while I was working as an election inspector. Apparently one of the students inside filling out an affidavit ballot had left his vehicle running with loud music on in the parking lot. Rather than have a polite, de-escalating conversation, the officer came in, demanded in a loud voice to know who owned the vehicle and berated the student in front of the entire group gathered to vote. As a Village Resident, loud music in student vehicles definitely annoys me but the manner in which this officer burst into the room and immediately attacked all of the students attempting to exercise their right to vote bothered me very much. This incident could have been handled in a much better, less escalating manner than this officer did. It could be added that most of the students in the polling place at		N/A;		N/A;

Alfred State University Police (UPD);		Between August 2019 and July 2020;		I needed to report a person who was recently released from prison for murder and stalked me when I was an undergrad student and was documented with AU Public Safety. This person made a visit to Alfred and made a point to contact me in the Terra Cotta and on social media. I went to the police station to request that they contact this persons parole officer and to remind the person not to contact me. The chief of police doubted my claims and argued with me in front of another police officer, who, to be fair was trying to help me. The chief of police questioned whether or not the person and I had ever dated, as if to excuse stalking behavior, and told me that the case surrounding the person regarding the murder was not that big of a deal. The chief of police did end up calling the parole officer only after I said, firmly, "I'm telling you that I don't feel safe and I am uncomfortable."		Neutral;		Neutral;

The officer was not wearing a mask, as required in the polling place. The officer was visibly angry and loudly asked who owned the red car parked outside, which was playing music loudly. A young black male voter (an Alfred State student) responded that the car was his. The officer berated him, asking why he would do something that rude, and demanding that the voter immediately turn off the music. The officer than left. The voter complied, and then returned to finish filling out his ballot. The voter was embarrassed and apologized to the poll workers.		Positive ;		None;

Alfred Village Police Department (AVPD);NYS Troopers;AU Public Safety;		Since August 2020;		very poor interactions, all of them around this college campus are always bad. The cops never have masks on. You can be doing anything at all and they begin to harass you. For example I was standing in a parking lot with some friends talking about our cars, and this fat old cop shows up with no mask and he just starts questioning us looking for "the dope" and shining flashlights into wheel arches, then he shines his light into our vehicles looking through our windows for illegal possessions... DICK, he left defeated while still threatening us. Police stops should not be fear based, police should not have the authority to intimidate citizens who have done nothing wrong. Innocent until proven guilty only exists on paper, here in the real world if a cop decides your fucked, then your fucked. I Love cops, it just seems that every cop that I talk to is a asshole and a bully and should not wear the badge		Positive ;		Positive ;

Police Officers a Necessary Part of Community	APD Officers are well-trained	APD Officers are responsive to community expectations	APD is held accountable to community expectations	APD is held accountable for their actions	I trust the APD	A Complaint about an APD Officer would be handled Objectively	APD Makes decisions based on bias toward certain groups of people	APD Officers strive to make a positive impact on community	The work of APD makes Alfred a safer Community	APD Officers make Alfred a welcoming community	Seeing an APD Officer on patrol makes me feel safer	Satisfaction with the Services of APD	Satisfaction with Performance of APD	Specifc feedback about APD	Feeback about other Police agencies
Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	Acknowledge that there are cops who are racist and make decisions based on their bias.	Alfred PD would greatly benefit by replacing or reprimanding the current chief.
Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	After community meetings held in the Summer, I find the actions and attitudes of the police department (police chief in particular) disturbing. There seems to be a tone-deafness in the department and from their leadership. Values are not in line with the community, especially	Alfred police, led by Paul Griffith, are good community police, care about the community, and completely giving to straighten things out. I hope that the other agencies that operate in this area are as informed and considerate, as they preserve public safety

Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	Again, I feel unqualified to provide effective feedback to these questions due to my lack of interaction with the AVPD	Alfred state university police
Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	Again, I think the Chief may need additional training or disciplinary action. Although all the other officers are great, their leader is lacking.	Alfred state university police

Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	ALL of MY personal interactions have been positive, but I am a white male. I have routinely seen them be patient and set an excellent example. Overall, I am sure all of them try to do their best, but it's not right to excuse wrong actions or words. Just like me, they need to check themselves and understand the meaning and mechanisms of institutional racism. And they need to rein in the (mostly) young white males who drive aggressively in their big pickup trucks, both in the Village and in the Town. The failure of white male officers to pull those guys over and give them a sharp lecture, and maybe even some fines, is evidence of	Alfred State University Police - I was parked on campus (for work) and went out to a flat tire. In the 30 or so minutes it took me to change the tire, two separate officers stopped and offered to assist me. Meanwhile, dozens of students and coworkers simply drove by without a glance. Speaks a lot to their professionalism and overall kindness.
Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	all they do is target college students for our money	Alfred State University Police are a very nice group as well

Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	Amazing and kind people	Alfred state university police does a great job, sherrifs office was easy to work with, I think that all of them should do more community outreach in a non-official setting, such as sponsoring a pick up soccer league or baseball league or getting flags for a flag football league. Something to bring a lot of people together. And please don't forget the non-athletic leagues. DnD or comedy/improv clubs, game clubs, video game clubs, open mic nights, a whole bunch of opportunities are available for the local police to connect with the community. Just a
Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	APD may suffer from perseption issues among students; data may indicate the perceptions are indeed false, but I'm not sure the department acts to control those perceptions	Alfred State University Police should stop writing parking tickets

Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	AVPD seems to do whatever they want and only enforce certain rules in certain areas.	Alfred state university police were not helpful when someone hit me in the parking lot, the accident happened about a month ago and I still have not received an incident report. They also didn't seem to believe me when I told them I got hit. I ended up having to find out who did it on my own and my fellow students were

Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Dissatisfied	Dissatisfied	better than the college PD, but not by much	Alfred State UP - They are very helpful and thorough in their work. They are very objective in making decisions and implement the appropriate law enforcement actions. I think their effective services shall be extended to aid the Alfred Village Police Department in law enforcement throughout the Village. The Village of Alfred has about 3500 residents and Alfred State alone has about 3500 students on campus, this doubles the number of people in the town. The Village police department should not have to be solely responsible for law enforcement of all these students when they go into the Village (out of

Officer Rummy even made me laugh in a real rough time. He has over 25 years experience and you could tell he really cared. Sgt Burch came up to assist and those two worked like a well oiled machine. It was great to see two seperate departments work together like one.

All Police Agencies in Alfred and Allegany County are professional, courteous, non-bias, and uphold the laws they have sworn to uphold tactfully and professionally. Our communities are better because of them.

They do not make residents or visitors feel welcome, pretty much everyone who has visited our village has been welcomed by a traffic cop, many stopped for no reason especially if it is after 10pm. I speak frm personal experience having been stopped several times for no reason late at night, I was not charged anything but it does question the level of trust and friendliness	All police departments deserve our gratitude for all the good work they do.

As a fire company member, I have had interactions with most of the police agencies that serve or overlap our area on a more limited basis and in situations where I was tangentially involved to the situation. I have only had positive experiences.

Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree	Agree (feel a bit safer)	Neither satisfied nor dissatisfied	Neither satisfied nor dissatisfied	I am a straight white male professor. The questions above I answer not for me. I answer them as I have for my Black and Hispanic friends and students. Of course I feel neutral when I see a police car on patrol: I drive 35 miles an hour and will never be pulled over. When we had medical emergencies, the fact the police helped while we waited for local volunteer EMTs to come to our house was a treasured asset. I am friendly with individual cops I know. But the broad context of my experiences of Alfred and Allegany Co. policing is not why this survey was put together. But I have had a conversation with Paul about rape on campus. He said the vast majority of cases are false accusations because the female students drop the charges after he interrogates them.	AU Public Safety's biggest challenge is that they are not funded and staffed adequately, resulting in major gaps in coverage and services which have to be filled by others, frequently by AVPD and by volunteer community members. AU should take full responsibility to adequately fund and staff Public Safety, providing 24/7 staffing and response, and stop pushing the burden off

It can be a thankless job sometimes, but most of us truly appreciate the effort and dedication that officers put forth to serve and protect our village.	Personally I feel like we are too small to have "bubbles," but that officers for village and campuses all have different levels of knowledge about policies and events. Feels very disorganized and un-unified when you call and officers have no idea what you're talking about, even if the event is literally happening at the bandstand 200 feet from their door. Many people think police officers are the same -- community doesn't make the distinction between an AU officer or ASC Officer or Village officer so its frustrating when they say "oh, that's not our jurisdiction" and then we don't know where to go or who to ask for help.

The level of an officer's training does not equate to the reaction that the officer will have. I think this question should be posed to the Chief of Police in Alfred, as well as the officers that the Chief answers to in Albany. Do they feel that their officers are trained adequately? Agree	Agree	Agree	Agree	Disagree	Agree	Agree	Disagree	Agree	Agree	Agree	Agree (feel a bit safer)	Neither satisfied nor dissatisfied	Neither satisfied nor dissatisfied	The expression of concerns by minority groups and community members should not be internalized as a direct attack on the department or taken personally by staff. This can be challenging given the passions underlying those concerns and individuals' ability or care in articulating those concerns. If criticism (hopefully constructive) is unwarranted, the response should be designed to educate the public. When valid concerns are raised, they should be viewed as an opportunity to improve the department rather than as an attack on individuals. Easier said than done I know
